Summer Internship Program

Twin Lakes would like to congratulate Hayden Cherry, Courtney Hunt, Jacob Hayes, Timothy Jernigan, and Alyxandra Stafford on their completion of the Twin Lakes Summer Internship Program.

Each student gained knowledge and experience in the field they plan to study and pursue further in their education.

We would like to congratulate them on their accomplishments and wish them the best throughout their education, as well as their career.

(L to R) Timothy Jernigan, Courtney Hunt, and Jacob Hayes, Tennessee Tech Interns

(L to R) Hayden Cherry, Clay County High School Intern, with James Dobbs, Outside Plant Engineering Manager

Say "Do-Not-Call" to Unwanted Telemarketers

A National Do-Not-Call Registry has been established, giving you the opportunity to limit the telemarketing calls you receive. Register your telephone number on the National Do-Not-Call List to restrict commercial telemarketers from calling you. Some exceptions include businesses with which you have existing relationships and some non-profit, educational and political organizations.

There is no charge to register your residential and/or wireless telephone numbers on the National Do-Not-Call Registry and can do so by phone or online. To register by phone, call 1-888-382-1222 from the number you wish to register or for TTY, call 1-866-290-4236. You can also register online at www.donotcall.gov. To place your number on the Tennessee Do-Not-Call Registry, call 1-877-872-7030 or go online at www.tn.gov/tpuc/tennessee-do-not-call-program/csd-online-do-not-call-registration-form. After registration, your telephone number will show up on the registry within 30 days following your registration. Telemarketers will have up to 31 days to remove your number from their call lists. This service is enforced by the Federal Communications Commission and the Federal Trade Commission.

Labor Day Holiday

As a reminder, all Twin Lakes' business offices will be closed on Monday, September 2nd for the Labor Day holiday. We hope you enjoy this day with friends and family!

CPNI Notification

Customer Proprietary Network Information (CPNI) is information that telecommunications carriers obtain about services their customers subscribe to. This information can include local and long distance calling details, usage and in general what services customers use.

The Federal Communications Commission (FCC) requires customers to provide a password when customers contact a telecommunications carrier, such as Twin Lakes, before the carrier can release any call detail or online information, to protect your CPNI details. It also requires carriers to notify customers of account changes.

We recommend that if you have not set up an account password, visit or call your local Twin Lakes' business office. If you would like to opt-out of Twin Lakes using your CPNI for any marketing purposes, please contact your local Twin Lakes' business office within 30 days of this notification. If no opt-out contact has been made within 30 days, Twin Lakes will assume you approve the use of your CPNI for the purposes of providing you with information about other communications-related services available through Twin Lakes. Regardless of opt-in or opt-out, Twin Lakes does not sell or share information with other carriers.
