Scholarship Opportunity for Graduating Seniors

Twin Lakes is proud to partner with the Foundation for Rural Service to provide graduating seniors in our service area with the opportunity to apply for scholarships to help further their education.

The FRS has awarded over \$1 million in scholarships since its inception. Prepare for your future and apply today at twinlakes.net. The deadline to apply is February 25, 2022.

Foundation for Rural Service Community Grant Recipients

As part of its ongoing commitment to rural communities across the country, the Foundation for Rural Service (FRS) offers aid for communities served by NTCA—The Rural Broadband Association members, including Twin Lakes, through its annual Community Grant Program. The grants are designed to provide support to a variety of local efforts to build and sustain a high quality of life in rural America. Twin Lakes would like to congratulate American Legion Post 18 and East 52 Volunteer Fire Department as recipients of the 2021 FRS Community Grant. For more information on the FRS Community Grant, please contact your local Twin Lakes office.

FRS Youth Tour

Twin Lakes, in conjunction with the Foundation for Rural Service (FRS) and the National Telecommunications Cooperative Association (NTCA), is proud to sponsor the Foundation for Rural Service Youth Tour, June 1st – June 5th, 2022 in Washington D.C. The Youth Tour offers rural students an inside look at the telecommunications industry in our nation's capital. It educates students about the legislative and governmental process and allows students to meet other youth from rural communities across the country.

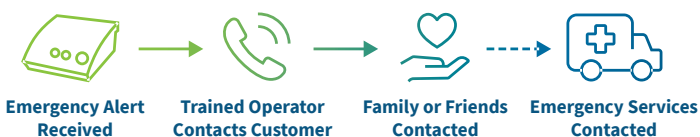

If you would like more information about the FRS Youth Tour and eligibility requirements, contact your local high school guidance counselor.

Home Safety Hub

The Numera® medical alert system works together with its compatible wearables and home sensors from the Home Safety Hub. This suite of Personal Emergency Response System products combines information from sensing devices like CO and smoke detectors, motion detectors, and activity sensors with alerts from wearable personal emergency response devices in a single console for seniors or others needing support while living alone. Having a personal emergency alert device on you at all times ensures your safety and security should a medical emergency arise.

Personal Help Button The Pendant-Wristband is ideal for night use. It has an aesthetically pleasing design and comes with an adjustable break-away lanyard that can be worn as a necklace, bracelet, or clipped on your belt. **For more information about the Numera® medical alert system, call 931.528.2005 today!**

* In the event an emergency response is detected, the police, ambulance, or fire is contacted.

Celebrating the Holidays in the Upper Cumberland

Twin Lakes had so much fun participating in the Christmas parades throughout the Upper Cumberland.

Visit the Twin Lakes Facebook page to see pictures from each parade!
