

The **TWIN LAKES** Difference

Twin Lakes Provides Community Grant Funding to 22 Local Organizations Totaling More Than \$100,000

As part of our ongoing commitment to rural communities, Twin Lakes and the Foundation for Rural Service (FRS) awarded more than \$100,000 to 22 local organizations to enhance the quality of life for those who live, work, and play in the Upper Cumberland region. These organizations include schools, museums, fire departments, economic development groups and more.

Established in 2020, the Twin Lakes Difference Grant has provided over \$245,000 in funding to more than 40 local organizations seeking technology funds to improve the quality of life within the Twin Lakes serving area.

Twin Lakes looks forward to the significant impact these projects will have on our local communities now and in the years to come. To see all the Twin Lakes Community Grant awardees, visit the Twin Lakes Facebook page!

Simplify and go paperless.

Get up to \$40 when you choose autopay and paperless billing with Twin Lakes.

GET A
\$40
BILL CREDIT

- ✓ No worrying about due dates and late fees
- ✓ No stamps or envelopes required
- ✓ Simplify your list and help save the environment

Get \$20 when you add autopay and \$20 when you add paperless. Valid for first time enrollment.

The Affordable Connectivity Program

You could be eligible for a discount toward broadband service.

The Affordable Connectivity Program (ACP) is a federal government benefit program operated by the FCC that helps ensure that households can afford the broadband they need for work, school, healthcare and more.

The benefit provides a discount of up to \$30 per month toward internet service for eligible households. All Twin Lakes broadband packages are ACP compliant. The ACP is non-transferable and limited to one monthly service discount per household. To find out if you qualify for the Affordable Connectivity Program, apply now at: acpbenefit.org

Can you dig it?

Not before calling 811!

Utilities can be buried just inches below the surface. The only way to know for sure is to call before any digging project. Contact with utility lines can cause unwanted outages, thousands of dollars in property damage, and injury.

Know what's below.

Calling 811 prior to digging is free, it's easy, and it's the law.

Scan the QR code with your smartphone to learn more about Tennessee 811.
