Twin Lakes Empowers Communities with Over \$112,000 in Technology Grants

As part of its ongoing commitment to rural communities, Twin Lakes awarded more than \$112,000 benefiting 24 regional organizations. This initiative includes a \$5,000 grant awarded in collaboration with the Foundation for Rural Services (FRS), underscoring Twin Lakes' commitment to bridging the digital divide in rural Upper Cumberland communities. These organizations range from schools, museums, fire departments, economic development groups and more.

Now in its 4th grant year, the Twin Lakes Difference grant program has significantly impacted over 70

organizations throughout the Upper Cumberland. These grants aim to enhance technological infrastructure, foster digital inclusion, and empower local initiatives.

Twin Lakes looks forward to the significant impact these projects will have on our local communities now and in the years to come. To see all the Twin Lakes Community Grant awardees, visit the Twin Lakes Facebook page!

Call
811
before
you dig

more about
Tennessee
811.

Protect your community from the hazards
of striking an underground utility line.

- **CALL 811** to request to have buried utilities marked.
- **PROVIDE INFORMATION** about your digging project (i.e. location, county, and type of project).
- **WAIT A FEW DAYS** to allow utilities to respond to your request. Ensure that all utilities have responded to your request before breaking ground.

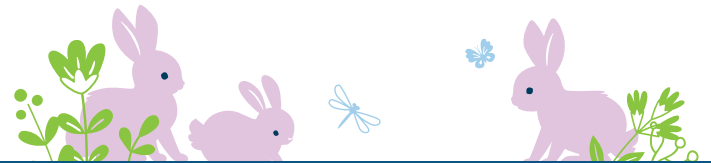

Nearly two in five U.S. homeowners will put themselves and their communities at risk this year by digging without calling 811 beforehand.

Always contact 811 before digging to avoid service disruptions caused by damaging buried utilities.

2024 Education Support — \$1.00 Per Student

Twin Lakes recently visited all K-8 schools in our service area to present them with a check to help further meet the needs of their students. Each school received \$1.00 per student that was currently enrolled. Twin Lakes understands the importance of education in our rural areas, and we are proud to give back to our community. Visit the Twin Lakes Facebook page to see all the schools involved.
