Project Graduation

Twin Lakes recently visited each high school in our service area to present the graduating seniors with a \$2,500.00 check to be used for Project Graduation.

Project Graduation is an overnight event the seniors participate in as their class gathers for one last time. Numerous items are given to the students during Project Graduation as a gift for their accomplishments

and hard work over the past four years. This occasion has been taking place for several years to give the students an award and a safe place to gather and say their good-byes.

Twin Lakes is proud to sponsor this event and would like to congratulate the Class of 2024 and wish them the best on their next chapter in life.

Byrdstown Grand Opening

Twin Lakes is thrilled to announce the grand opening of our newest office! This building is more than a structure; it's a symbol to better serve and support the needs of our members and the Byrdstown Community.

The new Byrdstown Office address is:
311 W. Main Street, Byrdstown, TN.

Maximize your Wi-Fi, Minimize your lag.

Take full control of your Wi-Fi network with IQMAX and IQMAX+ through the Gigaspire Worry-Free Router Plan. Manage devices, set guest privileges, monitor kids' online activities, and maximize network security.

Unlock additional IQMAX+ parental control and security features for only \$3.99 per month!

What can I do with IQMAX?

Forgotten your Wi-Fi network name or password?

No problem! You can now change this information anytime you want directly from the app. No need to pick up the phone and call anyone to make a simple fix yourself.

Concerned about how much time your kids are spending looking at screens? Parents or Grandparents can now create healthy habits for screen time directly in the app.

Do your kids take their devices to bed and stay up late looking at their screens? Establish bedtime routines to automatically disconnect and reconnect your child's devices at designated times.

Tired of giving your network name and password to friends and family when they come over? Create a guest network they can connect to without needing your actual network information. Text it directly to anyone you want to have access.

Concerned that your neighbors might be connecting to your Wi-Fi network? Get alerts anytime a new device is connected, and see all devices connected at any time in the dashboard.

Help us connect the phone to the internet!

In honor of Memorial Day, our offices will be closed on Monday, May 27th
